PROLOGUE

The curtain rises on our "Vignette"
The cast is ready. The stage is set.
We've worked and planned to put it through,
And now we proudly present it to you.

Shakespeare said in that immortal age,
That "all the world is but a stage".
In which we each fulfill a dream.
So on the theater we based our theme.

Arts High School for us has been the stage,
And helped us through youth's glorious days
These years of joy we will never forget.
That's why we present this play, "Vignette".

Administration

I have devoted my career to sharing what I love, what I am passionate about and what I do well. I want that for you. Education is the most important acquisition you can have. It is your key to a successful life and you can't begin to lead a life of self-sufficiency and self-satisfaction without it.

The greatest gift you can give yourself is to do what you love, do it well and make a salary doing it. I want that for you. I have seen the world, met interesting people, done marvelous things and purchased wonderful things. I want that for you. I hope I have contributed to your growth, eased your pain, given good advice and shared your smiles. I feel good about my life. I want that for you.

We're different. We're creative, we're talented, and some folks think we're weird. Here...we are the majority, and there is security in numbers. It's a secure house that we enter each day.

I've had a good time. I've met some lovely children. They've given me beautiful memories, warm hugs and shared their futures with me. They are good, wonderful and healthy experiences. I want that for you!

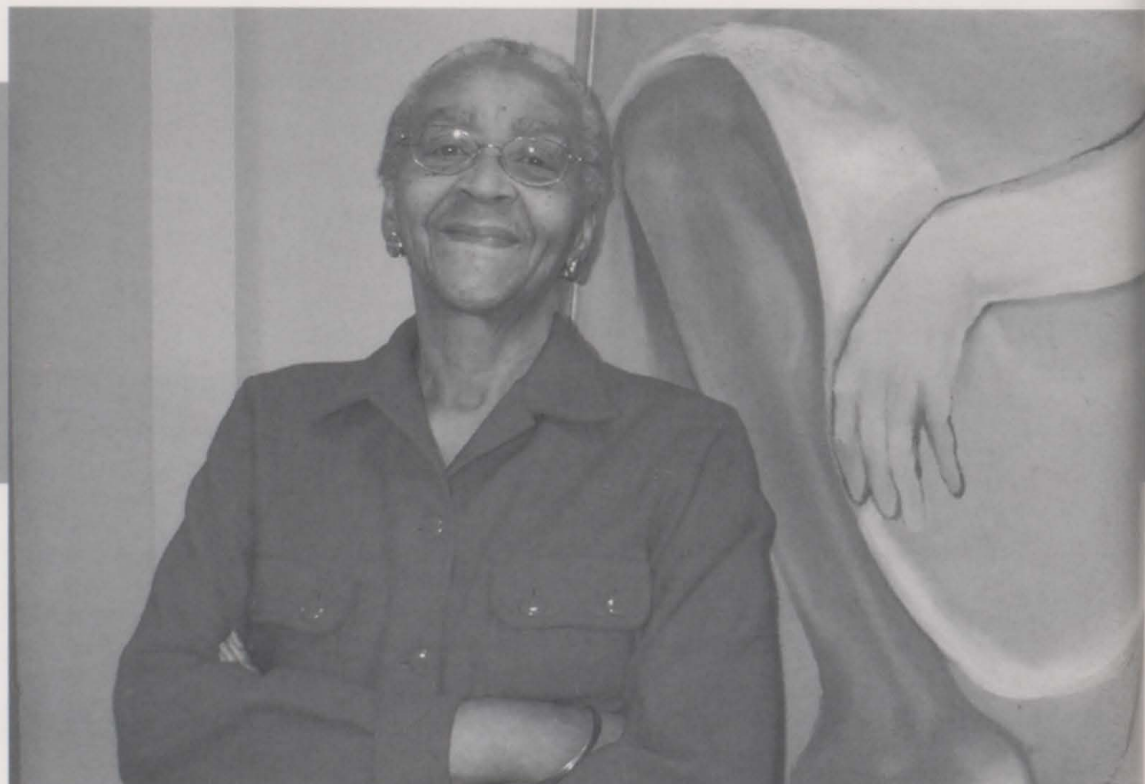

Congratulations, peace & love.

Love,
Eleta J. Caldwell

Webster defines adventure as "an undertaking involving danger and unknown risks: an exciting or remarkable experience." Each member of the Class of 2003 has been on an ADVENTURE!!! But this is just the first of many exciting adventures that each of you will have the opportunity to experience. Life holds many diverse and challenging situations. Before you begin each new adventure reflect on all that you have been taught by those who love you. Make your choices based on the knowledge that your decision will best assist you in achieving the goals you have established. Never compromise your beliefs in order to make decisions that appear to be socially acceptable. Remember that each adventure involves risks, hard work, commitment and perseverance. A true adventure is not for the weak! Every member of the Class of 2003 has what it takes to accept the challenge of his or her life adventure.

I congratulate each of you as you graduate from this very special place called Arts High School. You have contributed greatly to my adventure and I hope that I have contributed positively in some way to your adventure. May life bring you good health, good fortune and love.

With love and respect,
Mary J. Soriano

underground railroad

by Mr. Thomas Glen

The State of New Jersey celebrated its rich Underground Railroad heritage with the Harriet Tubman and William Still Underground Railroad Walk Across New Jersey on fourteen consecutive days beginning on September 9th in Greenwich (Cumberland County) and ending Jersey City (Hudson County). This retracing of 180 miles of the legendary freedom network was led by New Jersey's Secretary of State Regena Thomas. The walk's arrival in Newark brought a special visit by Secretary of State Thomas to Arts High School on October 11th. She was accompanied by N.J. Assemblyman William D. Payne (D) and two actors who performed a Chautauqua (first-person characterization narrative of a historical figure). Actor Marvin Jefferson portrayed William Still and actress Millicent Sparks portrayed Harriet Tubman.

Performing for 5th period history classes, the actors put on a stirring, emotional and inspiring performance. Their stories of hardship, pain and suffering they endured had great emotional impact on those in attendance. It felt like this wasn't just a historical re-enactment, but that you were in the presence of these two legends that so greatly impacted life in New Jersey and America. Secretary of State Thomas and Assemblyman Payne both spoke how William Still's and Harriet Tubman's courageous actions should be inspiration for all of us, that we should never forget what they endured but try to honor their legacy by doing all that we are capable of. All in all, it was a day that those of us lucky enough to have been there will not soon forget.

bienvenido frankie

"Salsa Star" Frankie Negrón, a former student at Arts High School, returned to Arts on September 13, 2002. He graduated from Arts in 1995 and he was a vocal major. Now he's become one of America's top Salsa stars. His first hit was "Con Amor Se Gara."

As the school was asked to gather in the auditorium, many were unaware that their favorite star was in the building. When he arrived, the noise level was unbelievable. He spoke inspirational words and about his days at Arts High. He also said "It feels good to be back home at Arts High." He fondly thanks Ms. Caldwell, Ms. Soriano, the teachers and the students who are not only fans, but his Arts High family.

After his kind words, he signed autographs for his fans outside the gym and he took pictures with them. Many waited anxiously in line in the gym. It was a very interesting day and for many of us, a lucky one.

What a surprise! Another graduate of Arts High (1972), has come to give back to the students, and at the same time has delivered a great message that left most seniors pondering "Wow, can I really do that and are my everyday choices in life that important?"

Ms. Kaye Patrice Brooks, is an actress, author, singer, professional model, and an entrepreneur. She specializes in children counseling and helps them mentally and physically.

Her purpose of visiting us (some seniors) was to make us really realize that life is what you make it. Indeed, not to let anyone stereo-type you, because what you wear, what you may look like, or where you may have come from.

"Your life is what you make it."

Below: The World Trade Center towers stood boldly and towering over the New York City skyline.

Just one year ago, America suffered one of the most major tragedies in United States history. Thousands of lives were lost as hijacked planes with passengers crashed into the World Trade Center, the Pentagon, and in a Pennsylvania field.

Students from Arts High actually witnessed the events from the windows of their classrooms. Many of us reacted in fear and others knew there was another war on the horizon. People left early to go home and some wanted to make sure their family and friends were safe. This event made people take more advantage of life and the simple parts of it.

Now in 2002, September 11th is still replayed in our minds. At Arts High, student, teachers, and staff recognized September 11th with a "Circle of Remembrance" around the school. We all joined hands around the school and sung the national anthem, "The Star-Spangled Banner."

Laughs and Scaries

Let the fun
begin and show the
world what we've got!

By Mr. Robert Fuller

October 31st was not a typical day at Arts High School. The mood within the school was quite somber. There had been a murder committed. A staff member had been murdered by one of the creatures lurking the halls. Spiderman, King Kong, Danny and Sandy from "Grease" were considered suspects. It was up to student detectives to solve the mystery. The student detectives had a scavenger hunt throughout the school, searching for clues. These clues were used to solve the crime. This exciting who-dunit was sponsored by Ms. Richardson and the student council.

The activity was culminated by the senior "Boo Bash." The dance was held in the school cafeteria for the entire student body. Prizes were awarded for the most creative costumes. All the students who attended the "Boo Bash" enjoyed themselves.

tisha Campbell

by Robert Fuller

It wasn't a mirage or a body double that graced the halls of Arts high on October 31st. There amid the festive atmosphere, stood alumnus Tisha Campbell. Tisha paid an impromptu visit to her alma mater. The students were quite in awe of the actress who co-stars in the hit sitcom, *My Wife and Kids*. She has also co-starred in *Martin* and has appeared in numerous motion pictures.

Tisha spoke to the students in drama, choral, and instrumental classes. The dialogues in these classes were both informative and inspiring. She demonstrated different acting techniques, including

even crying on cue. That one mesmerized all. The students were impressed with Tisha's candid manner, her sense of humor, and her charismatic essence. They will not soon forget October 31, 2002. October, Halloween. It was in fact Tisha Campbell, Wasn't it?

Without a doubt, some of our 2003 graduates will be honoring our doorsteps to provide inspiration in the years to come.

Winter Fair

Every winter at Arts High the students, staff and members of the community get together and throw and "annual bash" to bring in the season. This "annual bash" is known to friends and family as Winter Fair. Winter Fair gives the students of each major a chance to express themselves in different ways. This year's Winter Fair had a large number of participants. Friends and family members of every age were delightfully entertained, highly impressed with this year's show. They played very nice tunes and harmonious pieces.

The Art Department added beautiful color and warmth throughout the building with their art work. Art majors sold ceramics, mirror etchings, stained glasses, photography, and candles all at reasonable prices. This year marks the last Winter Fair for the class of 2003, however, the memories will linger in our hearts. The class of 2004 and beyond, will let Winter Fair live forever.

Computer Fair 2002

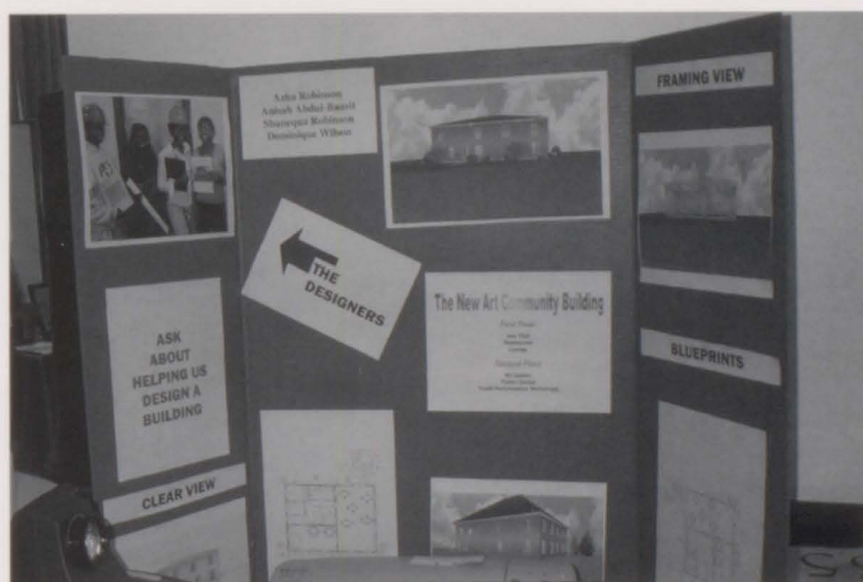

By Dominique L. Wilson

The Newark Public School Computer Fair was held in Rutgers Newark on December 12, 2002. The theme for the fair was "Renaissance Newark." The task was to reinvent Newark and to create a community with attractions to draw more interest to visitors and neighbors for the year 2012. They had to create points of interest and rival the popularity to the downtown area. Then create a model and provide background information.

The majority of the Newark Schools have attended. There were plenty of interesting designs and technology flowed all through the room. Arts High demonstrated a virtual image of their model in different forms. Their theme was the "New Art Community." They also had younger students come and help Arts High create a design of their own on the program. It was a very interesting day for all of the students.

Above: Azha, Anisah, Shanequa and Dominique were the representatives of Arts High and the designers of the "New Art Community."

Partying in the Winter

An even of love, fun, and just plain hanging out occurred. The annual Winter Ball sponsored by the Student Council was a hit. Majority of the students attended, some for the first time and many who have returned. The music was good and everyone was on the move. There was refreshments that people enjoyed to eat. Hopefully this year's Winter Ball will be a day everyone who attended will remember.

Working together pays off!

by Dominique L. Wilson

Whatever you call it, clubs, teams, or groups, this is a good way to socialize and have a good time. Our clubs are built to educate and stimulate our minds and souls. We learned to work together as a whole because there is no "I" in team.

Most of these clubs were based on the students hidden and obvious talents. These clubs are where they played hard, spoke out, worked hard and accomplished one thing, long-term friendships with fellow classmates.

Jaguar Baseball

“...waitin’ on a sunny day.”

by Mr. Thomas Glen

Putting together a high school baseball team composed of players who have never played the game together is a task, made all the more difficult when the weather doesn’t cooperate. With only 7 returning players, and 7 freshman among the players, maximizing practice time outside on the baseball diamond is extremely important. Unfortunately, with the winter snow storms occurring right into March, early spring, getting outside to practice on a consistent basis was impossible.

“As the pre-season approached, I had the new Bruce Springsteen song “Waitin on a Sunny Day” on my mind, wishing I knew how to “chase the clouds away” because between the snow and rain we couldn’t catch a break in getting outside to practice. With so many young and inexperienced players, it was very difficult to get them ready for game conditions,” said Coach Glen.

The players made the best of a rough situation though working hard in the school gym on fundamental skills, adventuring, outside of a couple of cold bitter days that found other Newark teams staying indoors. “Overall, I would say that I am pleased with the players have put in this pre-season, and I’m especially happy with the improvement the freshman have shown,” Coach Glen stated. “Of the returning players, Carlos Abade and Christian Viruet have also shown great improvement and have started off the season as key contributors to the team, along with 2002 2nd Team All Colonial Hills Conference Team showstopper, David Vega. “The goal of our team is simple, 1st year Coach Mnookin stated, we want each player to give their best effort, play to the best of their ability, and work hard to improve their game in the season progresses. If they do that, we will have had a successful season.

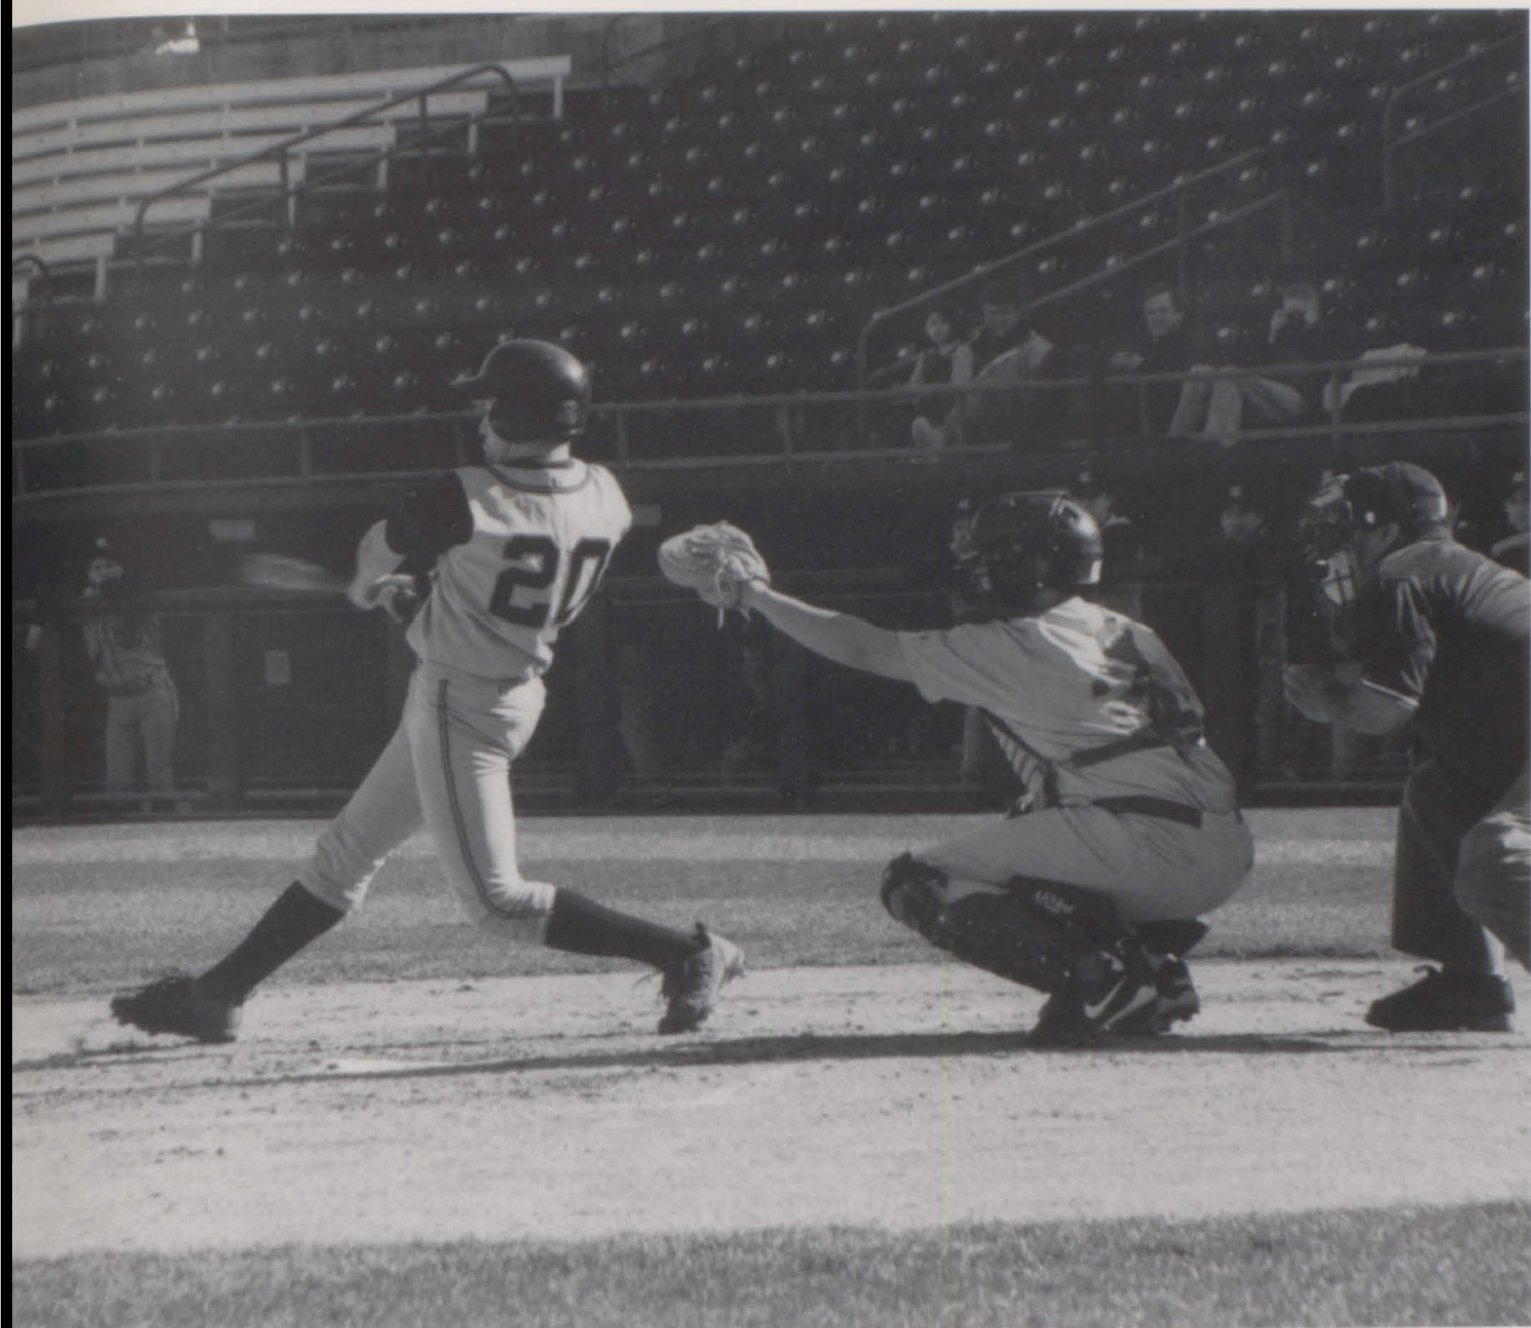

Q: What are you looking for from your players this season?

A: “Enthusiasm, the willingness to learn the game, and the desire to improve by working hard are what I’m looking for from this team.”

With spring in the air, the game of softball comes into play. This season is a brand new sense in many ways. The team is made up of freshmen, sophomores, and one junior, Cristina Ribau. The coach is Brad Howard and one of the stars is Jennifer Vida. This year looks like plenty of fun and a chance for softball teams across New Jersey to see the Lady Jaguars are ready to play.

Just Kickin' It

by Junior Cristina Ribau

Experience means success and fulfillment for the Arts High School soccer team.

Soccer is a difficult sport to play. A lot of running, a lot of focus, and a lot of teamwork. It does ask a lot of a person. But this season, four of these members were girls. Soccer is tough enough already, but to play with guys is a whole new world.

Surprisingly, members like Cristina Ribau were the backbone of the team. But no progress couldn't have occurred without the help of David Vega, Roxana Nieto, Priscilla De Castro, Filipe Decunha, Julia Pineda, and other members.

This is a beginning of a tradition and the legacy of Arts High sports. It's just the start of great memories to happen when you have a team like this one. The thing that will change is the face. The senior will be missed, but the next team will keep it alive.

Boys basketball team makes a legitimate run for the Colo- nial Hills Conference Title.

Once again basketball has become a competitive sport at Arts High School. After a dismal season the last few years, this year's boy basketball team was resurrected under the guidance of first years coaches, Mr. Kennis Fairfax and Mr. William Hahn, this year's team compiled a 9-10 record compared to a 1-18 record the previous year.

The Jaguars made legitimate run for the Colonial Hills Conference title. The Jaguars emerged as the team to beat by being competitive in every game even against at the time no.12 in the state, Bloomfield Tech. The Jaguars were lead in

scoring and rebounding by Jr. Charles Miller. For the first time in Arts High had a first team selection. The support for Arts High team were outstanding performances by guard James Frazier, Steven Butler, and Senior Keith Singleton, other support came from Soph. Michael Jordan, Sr. Allen Richardson.

As the season progressed other players began to elevate their game. Ron Clark at center, Taheem Hamilton as pwer forward, David Vega as forward, Michael Campbell and Alex Hamilton gave us galient effort when involved in the game. With the volunteer help from Mr. Naseed Gifted, the Jaguars teamwas complete to advance to the next level. Many players improved their game in many areas as scoring,rebounds, assists, and steals.

Few leading individual stats:

Charles Miller scoring and rebounding, James Frazier in assists and steals.

The look to make a better run next year, looks better than this year.

Arts High's Pep Rally
by Dominique L. Wilson

“When I say Arts, you say High!” Kiyaana Cox yelled to get the crowd going for the Pep Rally. Those words seemed to work because the crowd responded with strong intensity. The Pep Band, led by Mr. Argul, struck up a very upbeat tune. Art’s High students showed true school spirit by dancing and cheering along. Green and gray was everywhere you looked, even the school mascot.

There were outstanding performances. One was by the Art’s Pep Squad and Arts’s the Cheerleading Squad. Both performances gave everyone a feeling of determination for the school teams. The Pep Squad did a variety of moves from drills to cheers. The Cheerleading Squad went from flips to pyramids. Which was your favorite?

Now introducing the Lady Jaguars. There were plenty

of doubt’s in people’s minds, because some made their shots and some didn’t. The crowd still showed their respect for the new and old members who gave their all on the court. Next, the Jaguars came on the court with full force. As names were being announced the crowd went wild. There seems to be very strong teams this year and we wished good luck for both. The crowd had great time, thanks to the Student Council for making this possible.

Coach Howard and his team the Lady Jaguars didn't think their season would even get started. All their games were being cancelled. So they had to start the first game of the Christmas Tournament. Which they triumph against Eastside. Their streak ended early though when the Lady Jaguars lost in the semi-finals to University.

From then on the Lady Jaguars had an all time low. But, after learning to work together as a family and twenty-five laps after each lost. They look out the vengence on Boonton with a one-point win. Thanks to a buzzer beater by sophomore La'Taisha Simmons.

Right: Hold on! Aidaliz Garcia and Jacqueline Rivera are the true friends they've always wanted.

During our years at Arts High School, we all searched for true friends. Someone we could connect with, relate to, trust, and really get to know. A person to laugh and have fun with, and to cry and go through tough times with; someone to share our lives with. Many of us found friends that would last a lifetime while others would just pass through our lives, but each friend we knew left a mark.

Our true friends struck with us through everything. They shared with us some of the greatest moments of our lives like our first day of high school, school functions and finally graduating. Although it was difficult to find friends like these, they stayed close to us because we were bound together by time and experiences. We grew close with them through experiences of the same classes and mutual friends.

Above: Lean on me! Fatimah Judd and Lorraine Harvey got each other's backs.

Right: Check out these guys! Ansel Phillips, Ramone Maxwell, Jeffrey Merilice, and Allen Richardson.

Left: Best friends Saleema Williams, Lakeemah Manley, and Jasmine Johnson have known each other for a long time.

Below: Pattryce Gardner and Reginald Charlestin. Will they remain friends forever.

Even if we never keep in touch with them, they would always be remembered. With our friends we learned about ourselves and they helped us discover who we were as people. We gave them a piece of ourselves and, in return, we received a piece of them. Hopefully we will always remain friends forever.

The Senior Class
at Arts High are...

doing the Night thing

Our seniors shine every day showing their many talented and gifted ways, but on September 27, 2002, they got to “moon-and star - shine” in their colorful and playful pajama wear . Their cuddly “pals” were brought along for comfort and fun, but did not contribute to our seniors’ classroom success that day! Day or night, our seniors stand out in whatever apparel they choose because ARTS HIGH students have charisma and style. SWEET DREAMS!

Picture Perfect

(Check out Arts High's "Guys and Dolls"
as they Switch for a Day.)

By Shanequa Robinson

Right: Check out Chian Weekes! She has that thug appeal to the fullest.

Left: The class of 2003 representing on "Switch Day." Look at all the ladies and all the fellas switched.

Arts High had the most unforgettable day, Switch Day. The senior class switched their sexes and it was great! There were girls and guys all dressed up for a wonderful surprise.

Rumors were floating around saying, more than half the seniors were not going to participate; but they shock us all! When the day started, laughter filled the halls; the guys were now girls and the girls were now guys. The guys out done themselves and it was quite a surprise! They ripped off their jeans and threw on some sash, painted their nails and toe nails, shaved their legs and put on some make up to spark up their doo. They went from thug to passion in just little time. You've all out done yourselves thanks, you guys!

Don't let me forget the ladies. They had their share, too. They did what they thought was best to do. They borrowed clothes from their brothers, boyfriends and male friends. They went into the bathroom as a ladies and came out as men! The skirts and tight jeans went to baggy to long white tees, from curls to braids, from heels to boots, and facial hair! They fooled us all, they looked like real dudes.

Overall, Switch Day was great even though some seniors didn't participate. This was truly an unforgettable day. The lower classes had fun, too. They laughed and giggled at the sight of our new look. Who would have known we, as a class, could be so creative and talented enough to have fun at last. We walked the walks and talked the talk up and down Arts High halls. Switch Day didn't last all day because some got ashamed. We all had fun everyone could tell what a wonderful day we had. Smile, might as well!

COUNTER CLOCKWISE from the TOPLEFT: Anthony Stuckey and Aaron Smith are looking lady-like, but can they act like it? **Left to right:** Barbara Denose, Patrice Sinclair, and Ericca Monroe look straight gangsta. **Left to right:** Saleema Williams, Jasmine Johnson, Ivettelis Perez, and Lakeemah Manley is what's up.

ULTIMATE CELEBRITIES

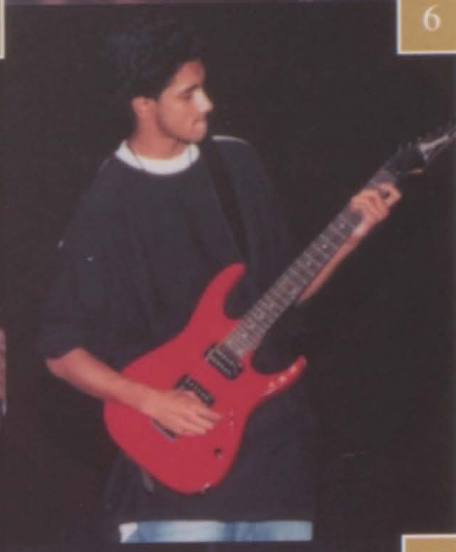

On this day most of the seniors transformed themselves into their favorite celebrity.

MTV has done it again, but this time it was the class of 2003 who slaughtered the show that was just outstanding! It is a known fact that celebrities occasionally stop through Arts High School to visit. It's also a known fact that Arts High has never seen performances like those on the 20th of November. Every well known artist was there to represent.

Beyonce was there "working it out" with her glamorous golden dress. Although when it came to performing "03 Bonnie & Clyde" with Jay-Z, she had to prove that she was a rider by putting on her jean jacket and taking off her shoes. Tweet, did her thing with "Oops oh my," and "Call me." Even Janet and Micheal Jackson came through to show family love. Janet finally got the chance to prove that she could top her brother with the help of her fantastic dancers. Kelly Osbourne and Linkin Park put it down on the rock side. The most soulful Jill Scott and India Arie were present, and even after labor Brandy still came to show thanks to her fans performing "Full Moon." My Dirty Nelly brought the Midwest Swing up to Newark, N.J. spitting his Smash hit "Hot in Here," oh I mean "Hot in Herre." No one could stop the tribute to the beautiful Aaliyah with a medly of her many hits. The Notorious B.I.G. also had a tribute of his own with the help of a long time friend Jigga and ex-wife Faith Evans. There were many other acts that contributed to this Hot Show and they should be proud!

by Aaron Smith

These students and more gave their most prestigious effort during this show. Various majors came together and performed their obvious talents as well as their hidden.

Got Ya!

Arts senior candid camera

By Dominique L. Wilson

These are some of the pictures they don't want you to see. The ones they don't remember taking. Then, some are quite interesting. See for yourself and make sure you are not a part of this moment. This is a glimpse at Arts High's unexpected moments. Whether it's in their majors or just hanging out with their friends, they were caught. Smile, you're on candid camera!

Top right: Edwin, take a seat before you hurt yourself with Jordan, Ronald and Aidaliz. **Middle:** Julia's got her eyes on someone. **Middle right:** Felipe looks kind of lost to me. **Bottom left:** Martine is working

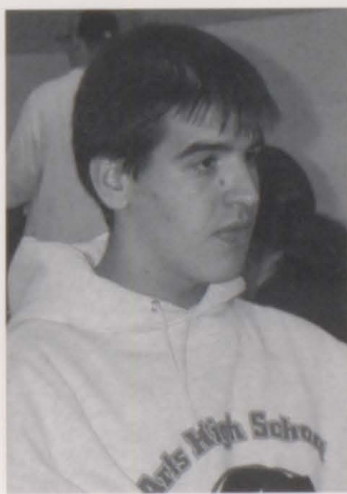

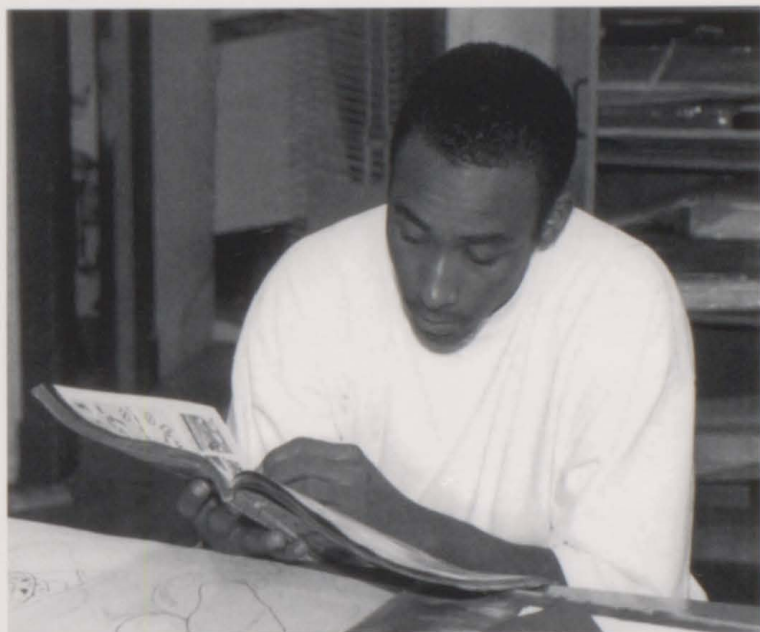

Top: Jasmine and Lakeemah seems to be having a good conversation at lunch. Lala, why the serious look?

Page 121; Top: Dominique G., Jessica, and Connie are either stepping it out or just standing there at lunchtime. **Top middle:** Allen laughing while his mouth is full of popcorn. **Top right:** What can Emily be looking at? **Left:** The yearbook staff hanging out in Mr. Fuller's room. Brendalis is the only one focused. **Far right:** Caren is trying to sing like an angel. **Third left:** Ivettelis playing the saxophone in her major class. **Forth left:** Barbara having her little discussion along with Saleema. **Next:** Travis looks like he's sleeping or something. **Middle:** What happened to Ricardo's spiked hair? Oh yeah, it's hat hair with no gel. **Last right:** Azha doesn't know what going on, does she?

Right: Kaliyah, you can talk if you want to talk, don't keep your lips sealed.

Above: Brian Dickson takes a shot that change the students lives.

Below: The faculty team looks quite tough this year, NOT! Well, they do look confident

Above: A confident student attempts to block Mr. Hahn's wannabe killer jumper.

For the eighth year in Arts High history, the faculty defeats the students 97-67. The students had plenty of support from the classmates. Well, not really. Their classmates placed them under pressure due to a deal that was made by the faculty. Here's the deal, if the student won, they would get back their cellphones, hats, walkmans, and other non school items. Then if the faculty won, the students would have to dress up like faculty members, suits, skirts and shoes, while the faculty can dress like students, jerseys, jeans, sneakers, and "white T's".

Once again the faculty pounds the students. It's a conspiracy!

The gymnasium had all of those ideas swirling around and this intensified the crowd all around. With Mr. Gifted dunking at every chance he had, Mr. Hahn's height and Mr. Howard's ballin' skills, this drove the students up the wall. Then there were people playing that don't even work in the school. Talk about being unfair, this was unbelievable. Even though there was plenty of hard work by the students, they could not overcome the agony of defeat.

The Student/ Faculty Basketball Game

Center: The big dogs! Mr. Gifted and Allen Richardson jump for the ball, neck and neck.

Below: Double- teamed! Two strong students going up against Mr. Hahn for the rebound. Check this out, Mr. Hahn isn't even jumping.

Above: Jump higher Mr. Lopes. It would be a whole lot easier if he was a little bit taller.

Left: There's no excuse for the faculty to win with all this young talented people. Oh yeah, the faculty cheated!

Above: Let him have it! Brian showing Girls Basketball Coach, Mr. Howard, that he's unstoppable.

Above: Talk about having "ups", this student is practically flying above the rest..

This book is dedicated to our principal Ms. Caldwell

To Arts High, she is our Guardian Angel.
She has watched over us and covered us
With protection.

To many, she has become a mother, one
We can always talk to about anything.
The one who knew what was right
For you.

Not only a principal, but a teacher, too.
She helped mold our minds to be what

We want to be.

If we go astray, she would take our hand And
Guide us the right way.

A woman of her word.

If she said she'll stand behind you, she
Would.

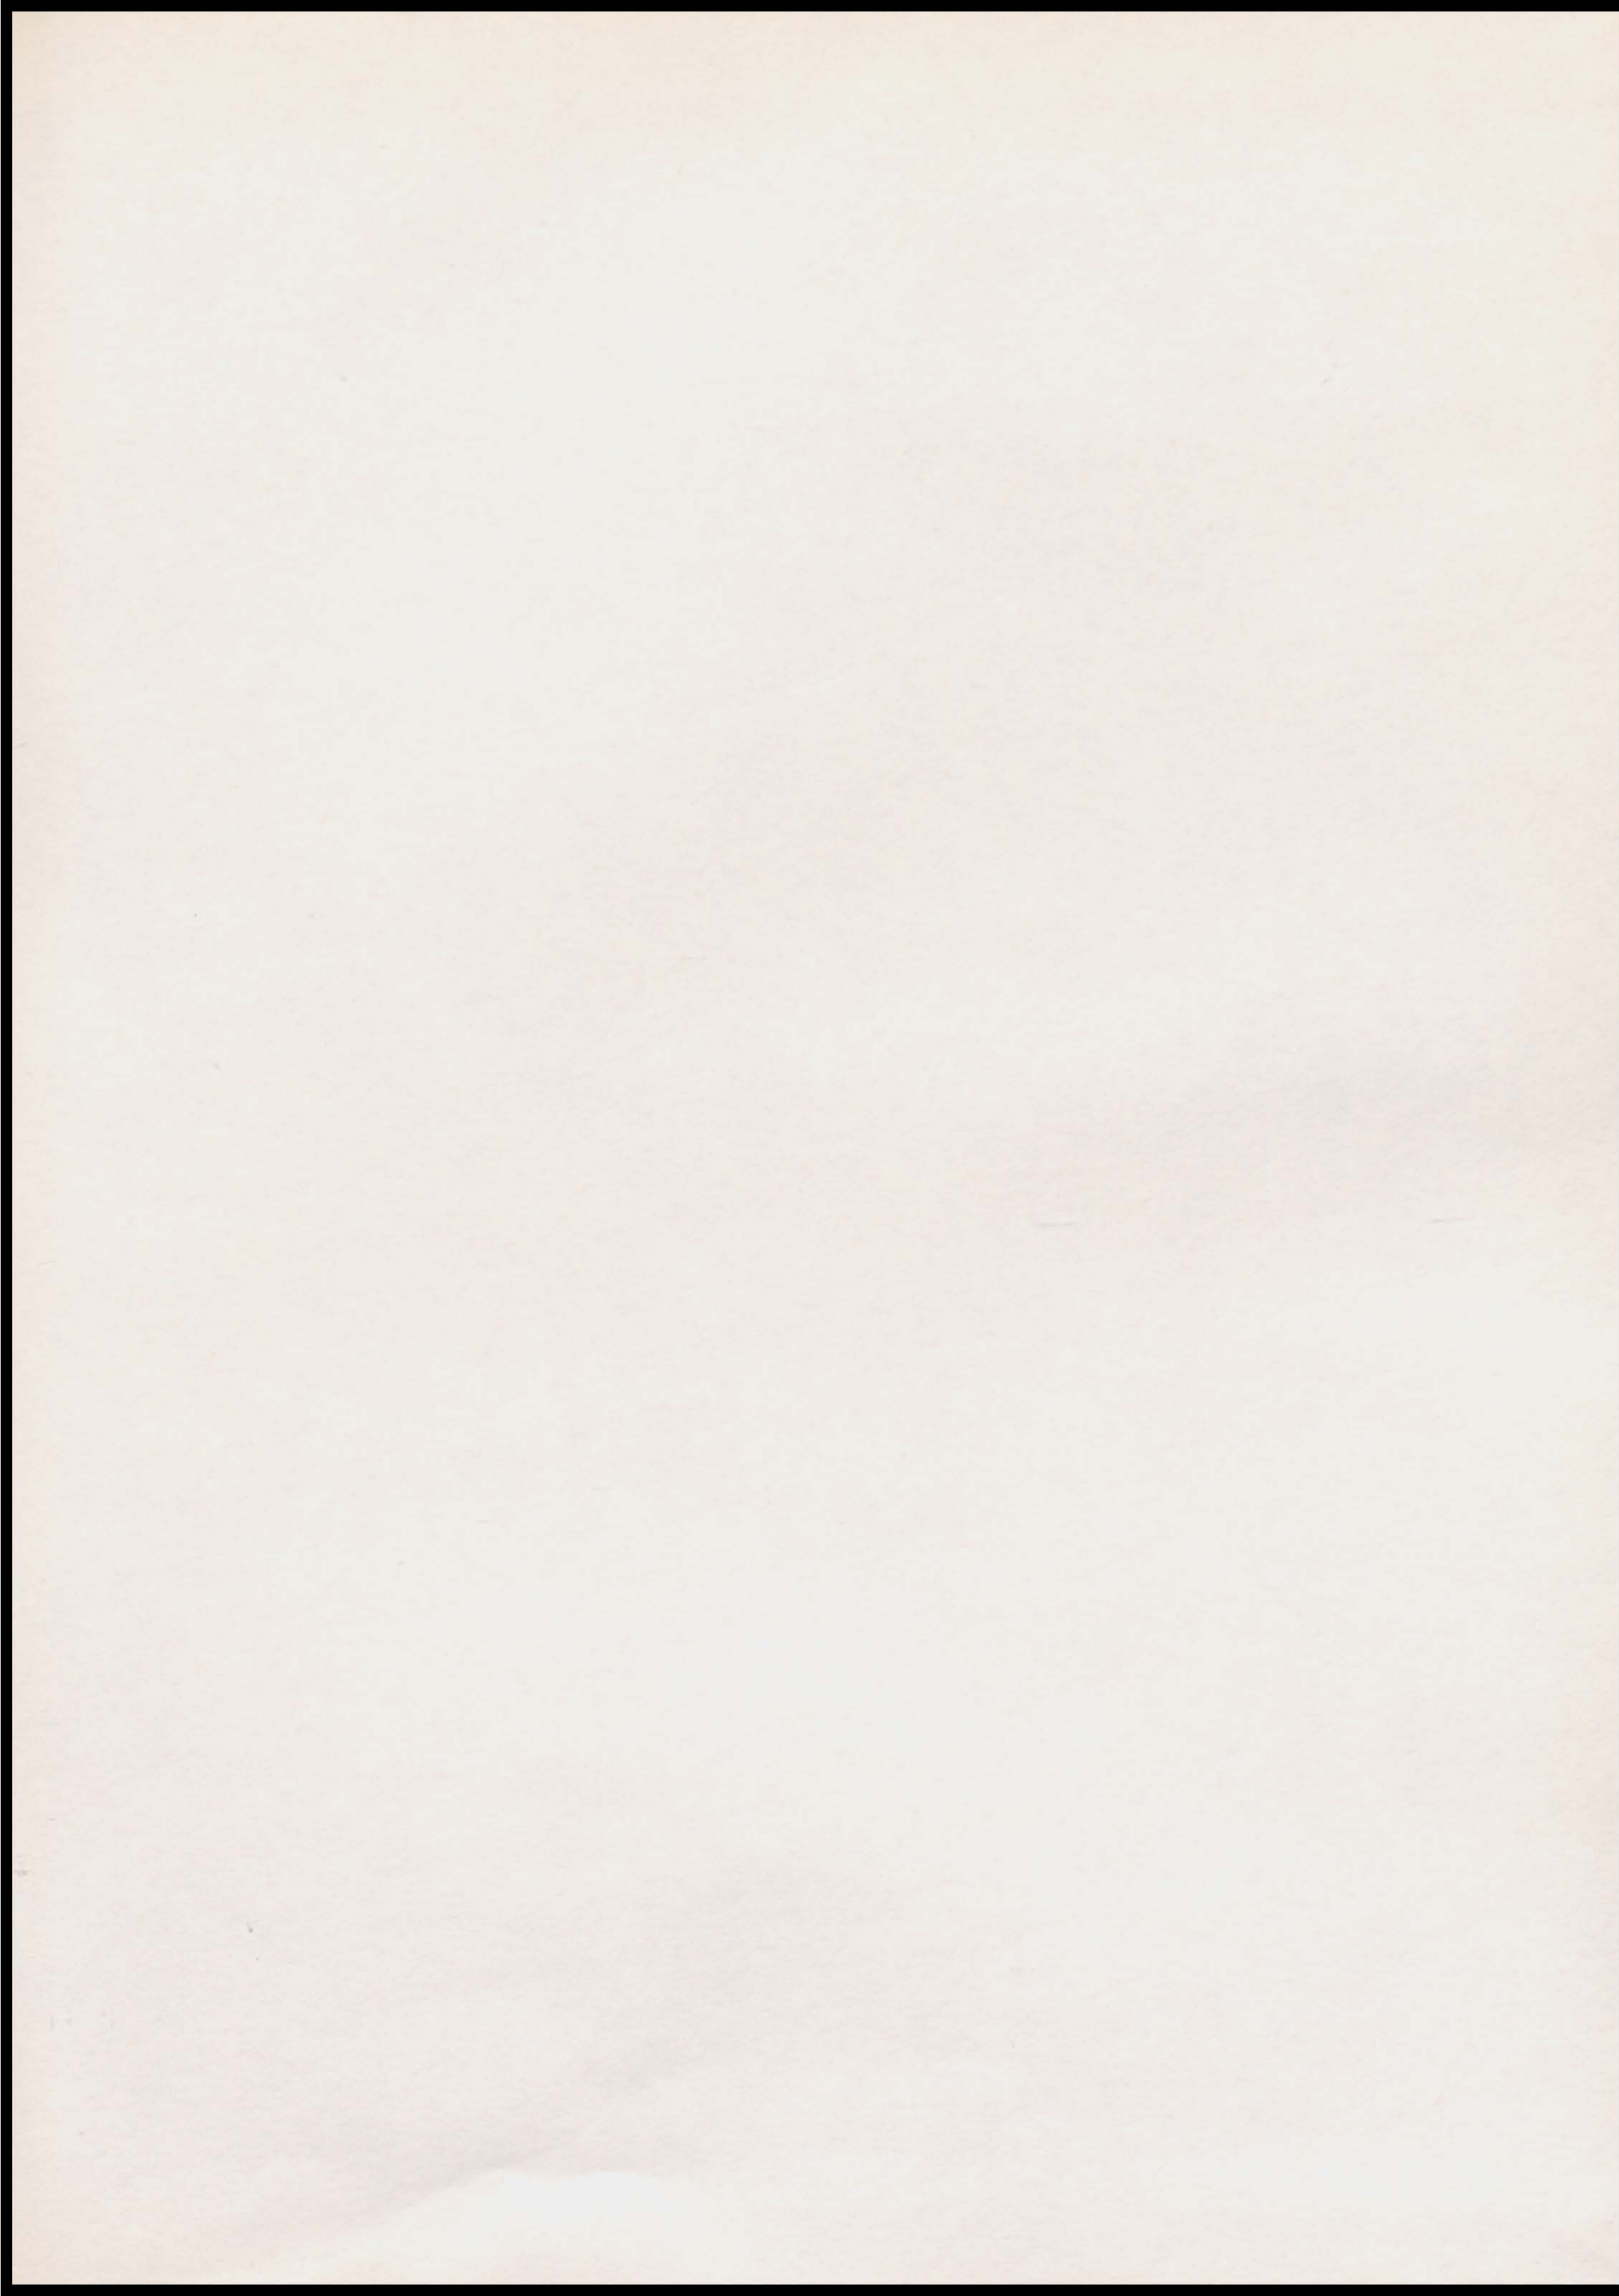

A woman of happiness and truth.

She'll never leave ou hearts, because she'll
Always believe in us.

Above: Eleta is a quiet, determined student who enjoys the movies, modern jazz, and bicycle riding. Her favorite teachers are Miss David and Mr. Furst. When in school, she can be found with Wilma Jackson, Brenda Dawson, and Caroline Thomas. Her activities include belonging to Achievement and serving on the Newark Youth Council. Eleta is a constant day-dreamer. Between day-dreams Eleta finds time to work on Scope and Junior Red Cross projects. After graduation she intends to enter a school that will assist her in reaching her goal of becoming a juvenile fashion illustrator.
